Part I – General Information

Purpose

State Treasurer Michael Fitzgerald (“Treasurer”) intends to enter into a contract with a qualified, Iowa based, law firm to provide the legal services for the Trusts established under Iowa Code 12D and 12I. The Treasurer seeks a law firm to provide legal advice regarding the administration of the ABLE Trust and the 529 Plans especially in legal matters concerning tax and securities laws. It is imperative that ABLE Trust obtains and maintains the status of a qualified ABLE Program under IRC 529A and the 529 Plans maintain the status of qualified state tuition plans under IRC 529. The Treasurer also seeks to ensure that these trusts comply with any state or federal securities laws that may apply. The scope of services is more fully described in Chapter 4.

Background

Iowa Educational Savings Plan Trust

The 1998 Iowa General Assembly created the Iowa Educational Savings Plan Trust (529 Plans) in chapter 12D of the Iowa Code to serve as a qualified state tuition program under IRC 529. The 529 Plans are designed to encourage adults to save for the future college expenses of Iowa children. People can save for more than one beneficiary, and need not be related to the beneficiary. Earnings on contributions to the 529 Plans will be not be taxed at the federal or state level for qualified educational expenses such as tuition, fees, books, as well as room and board.

Neither the person contributing moneys to the 529 Plans or the beneficiaries will direct the investments of their contributions. Rather, the Treasurer, who is the trustee of the 529 Plans, is responsible for the administration of investments for the 529 Plans. The Treasurer has established an asset allocation policy for the 529 Plans that will specify how participants’ contributions are to be invested. The asset allocation policy will specify what percent of assets are to be invested in each mutual fund.

The trustee has two plans established. The first plan, College Savings Iowa, currently has \$4.1 billion assets invested. Investment services for College Savings Iowa are provided by Vanguard and record keeping is provided by Ascensus. The IAdvisor plan has \$249 million invested assets and the program manager is Voya.

Iowa ABLE Savings Plan Trust

The 2015 Iowa General Assembly created the Iowa ABLE Savings Plan Trust (ABLE trust) in Chapter 12I of the Iowa Code. This chapter was created in accordance with the guidelines set forth in §529A of the Internal Revenue Code (IRC) which was passed by Congress and signed into law by President Obama on December 19, 2014. §529A was established to allow disabled Americans the opportunity to save for qualified ABLE expenses such as furthering their education or expenses related to ongoing healthcare needs without affecting certain means-tested programs, such as Medicaid or supplemental security income.

For federal income tax purposes, the ABLE Trust shall be considered a qualified ABLE program exempt from taxation pursuant to §529A of the Internal Revenue Code and shall be operated so that it meets the requirements of §529A of the Internal Revenue Code. State income tax treatment of the ABLE Trust shall be as provided in Iowa Code section 422.7, subsections 34 and 34A. State inheritance tax treatment of interests in ABLE Trust plans shall be provided in Iowa Code section 450.4, subsection 9.

Neither the person contributing money to the ABLE account or the beneficiary will direct the investment of their contributions. Rather, the Treasurer, who is the trustee of the ABLE accounts, is responsible for the administration of the investments for the ABLE accounts. The Treasurer intends to establish an asset allocation policy for the ABLE accounts that specify how participant’s contributions are to be invested.

Part III - Administration

Inquires

Vendors are invited to submit written questions and requests for clarification regarding the RFP. Vendors must submit their questions or requests for clarifications via email with the subject line “RFP Questions” by 4:30pm Iowa time on August 28, 2015 to:

Karen Austin, Deputy Treasurer
RFP Coordinator
E-mail: karen.austin@iowa.gov

Oral questions will not be permitted. If the questions or requests for clarification pertain to a specific section of the RFP, the page and section number(s) must be referenced. Responses to questions and requests for clarification will be posted on the Treasury website (IowaTreasurer.gov) on or before September 4, 2015. The Treasury responses will be considered part of the RFP, and may be adopted as an amendment to the RFP.

The Treasury assumes no responsibility for verbal representations concerning conditions made by its officers or employees at any time, unless such representations are specifically incorporated into this RFP or written addenda to the RFP. Verbal discussions pertaining to modifications or clarifications of this RFP shall not be considered part of the RFP unless confirmed in writing by the RFP Coordinator. Any information provided by the Vendor verbally shall not be considered part of the Vendor’s proposal. Only written communications from the Vendor and received by the RFP Coordinator will be accepted.

From the issue date of the RFP until announcement of the successful Vendor(s), Vendors may contact only the RFP Coordinator with regard to the RFP. The RFP Coordinator will respond only to questions regarding the procurement process and interpretation of the RFP. Vendors may be disqualified if they contact any state employee other than the RFP Coordinator regarding this RFP.

Iowa Statute and Rules

The term and conditions of this RFP, any resulting contract, and any activities based upon this RFP shall be governed by and construed in accordance with the laws of Iowa.

Amendment to RFP, amendment to proposal and withdrawal of proposal

The Treasury reserves the right to amend the RFP at any time. Any amendments will be posted to the Treasury website (IowaTreasurer.gov). The Vendor shall acknowledge receipt of an amendment in its proposal. If the amendment occurs after the closing date for receipt of proposals, the Treasury may, in its sole discretion, allow Vendors to amend their proposals in response to the Treasury's amendment.

The Vendor may amend its proposal. The amendment must be in writing, signed by the Vendor and submitted via email by the Vendor in a timely manner so that it is received by the RFP Coordinator no later than the deadline set for the receipt of proposals.

Vendors who submit proposals in advance of the deadline may withdraw, modify, and resubmit proposals at any time prior to the deadline for submitting proposals. Vendors must notify the RFP Coordinator via email if they wish to withdraw their proposals. Modifications to and resubmissions of any proposal must be in writing, signed by the Vendor, and submitted via email by the Vendor so that it is received by the RFP Coordinator no later than the deadline set for the receipt for proposals.

Cost of Preparing the Proposal

The costs of preparation and delivery of the proposal are solely the responsibility of the Vendor. The Treasury is not responsible for any costs, expenses, or losses incurred by any Vendor in connection with this RFP.

Rejection of Proposals

The Treasury reserves the right to reject any or all proposals or any portion thereof without penalty or liability at any time prior to the execution of a written contract. Issuance of this RFP in no way constitutes a commitment by the Treasury to select a Vendor or to execute a binding contract with any Vendor that may be selected as a result of this RFP. The Treasury further reserves the right to cancel this RFP, to issue a new RFP, to award a contract in whole or in part, or to perform any or all of the services described in this RFP if it is in the best interests of the State. In addition, the Treasury may terminate or suspend contract negotiations with any selected Vendor at any time without penalty or liability. This RFP process is for the Treasury's benefit and is intended to provide the Treasury with competitive information to assist in the selection of one or more Vendors to provide services. It is not intended to be comprehensive and each Vendor is responsible for determining all factors necessary for submission of a comprehensive proposal.

Disqualification

The Treasury may reject outright and not evaluate proposals for any one of the following reasons:

- The Vendor fails to deliver the proposal by the due date and time.
- The Vendor's response materially changes a requirement, term, condition, or specification of this RFP or any attachment thereto.
- The Vendor's response limits the rights of the Treasury or the State.
- The Vendor fails to include information necessary to substantiate that it will be able to meet a requirement of this RFP.
- The Vendor fails to respond to the Treasury's request for information, documents, or references.
- The Vendor fails to include any signature, certification, authorization, stipulation, disclosure or guarantee requested in Exhibits A-E of this RFP.
- The Vendor presents the information requested by this RFP in a format inconsistent with the instructions of the RFP.
- The Vendor contacts any state employee other than the RFP Coordinator in violation of Part III.
- The Vendor provides misleading, inaccurate, or unbalanced responses.
- The Vendor's proposal is not compliant with the requirements of this RFP.

Nonmaterial and Material Variances

The Treasury reserves the right to waive or permit cure of nonmaterial variances in the proposal if, in the judgment of the Treasury, it is in the State's best interest to do so. Nonmaterial variances include minor informalities that do not affect responsiveness; that are merely a matter of form or format; that do not change the relative standing or otherwise prejudice other Vendors; that do not change the meaning or scope of the RFP; or that do not reflect a material change in the services. In the event the Treasury waives or permits cure of nonmaterial variances, such waiver or cure will not modify the RFP requirements or excuse the Vendor from full compliance with RFP specifications or other contract requirements if the Vendor is ultimately selected. The determination of materiality is in the sole discretion of the Treasury.

Reference Checks

The Treasury reserves the right to contact any reference to assist in the evaluation of the proposal, to verify information contained in the proposal and to discuss the Vendor's qualifications and the qualifications of any subcontractor identified in the proposal.

Information from Other Sources

The Treasury reserves the right to obtain and consider information from other sources concerning a Vendor, such as the Vendor's capability, financial strength and performance under other contracts.

Verification of Proposal Contents

The content of a proposal submitted by a Vendor is subject to verification. Misleading or inaccurate responses may result in disqualification.

Criminal History and Background Investigations

The Treasury reserves the right to conduct criminal history and other background investigation of the Vendor, its officers, directors, subcontractors, shareholders, or partners and managerial and supervisory personnel retained by the Vendor for the performance of the contract.

Proposal Clarification Process

The Treasury reserves the right to contact a Vendor at any time after the submission of proposals for the purpose of clarifying a proposal or to ensure mutual understanding. The Treasury will not consider information received if the information materially alters the content of the proposal or alters the type of goods and services the Vendor is offering to the State. An individual authorized to legally bind the Vendor shall sign responses to any request for clarification. Vendors shall submit responses to the RFP Coordinator within the time specified in the Treasury's request. Failure to comply with requests for additional information may result in rejection of the proposal as non-compliant.

Disposition of Proposals

All proposals become the property of the Treasury. At the conclusion of the selection process, the contents of all proposals will be in the public domain and be open to inspection by interested parties subject to exceptions provided in Iowa Code Chapter 22 or other applicable law.

Public Records and Requests for Confidential Treatment

The Treasury shall treat all information submitted by a Vendor as public information following the conclusion of the selection process unless the Vendor properly requests that information be treated as confidential at the time of submitting the proposal. The Treasury's release of information is governed by Iowa Code Chapter 22. Vendors are encouraged to familiarize themselves with Chapter 22 before submitting a proposal. The Treasury will copy, disclose and permit examination of public records as required to comply with the public records laws even if the Vendor has requested confidential treatment.

Any request for confidential treatment of information must be included in the transmittal letter with the Vendor's proposal. In addition, the Vendor must enumerate the specific grounds in Iowa Code Chapter 22 or other applicable law, which support treatment of the material as confidential and explain why disclosure is not in the best interest of the public. Pricing information cannot be considered confidential information. The request for confidential treatment of information must also include the name, address, email address, and telephone number of the person authorized by the Vendor to respond to any inquiries by the Treasury concerning the confidential status of the materials.

Any proposal submitted which contains confidential information must be conspicuously marked on the outside as containing confidential information, and each page upon which confidential information appears must be conspicuously marked as containing confidential information. Identification of the entire proposal as confidential may be deemed non-responsive and disqualify the Vendor.

If the Vendor designates any portion of the proposal as confidential, the Vendor must submit one copy marked "Public Copy" of the proposal from which the confidential information has been excised. This excised copy is in addition to the copy requested in Part IV of this RFP. The confidential material must be excised in such a way as to allow the public to determine the general nature of the material removed and to retain as much of the proposal as possible.

In the event the Treasury receives a request for information marked confidential, written notice shall be given to the Vendor seven calendar days prior to the release of the information to allow the Vendor to seek injunctive relief pursuant to Section 22.8 of the Iowa Code. The Treasury will treat the information marked confidential as confidential information to the extent such information is determined confidential under Iowa Code Chapter 22 or other applicable law by a court of competent jurisdiction.

The Vendor's failure to request confidential treatment of material will be deemed by the Treasury as a waiver of any right to confidentiality, which the Vendor may have had.

Reproduction of Proposals

By submitting a proposal, the Vendor agrees that the Treasury may share the proposal for purposes of facilitating the evaluation of the proposal or to respond to requests for public records. The Vendor consents to such sharing and use by submitting a proposal and represents and warrants that such sharing and use will not violate the rights of any third party. The Treasury shall have the right to use ideas or adaptations of ideas that are presented in the proposals.

Release of Claims

By submitting a proposal, the Vendor agrees that it will not bring any claim or cause of action against the State based on any misunderstanding concerning the information provided herein or concerning the Treasury's failure, negligent or otherwise, to provide the Vendor with pertinent information as intended by this RFP.

Definition of Contract

The full execution of a separate written contract shall constitute the making of a contract for services, and no Vendor shall acquire any legal or equitable rights relative to the goods or services to be provided in connection with this RFP until a separate written contract, with terms and conditions acceptable to the Treasury, has been fully executed by the Treasury and the successful Vendor. By submitting a proposal, each Vendor acknowledges that any selection of a successful Vendor by the Treasury under this RFP, including, without limitation, any verbal or written notice thereof provided by or on behalf of the Treasury, shall not create any contractual rights or other obligations between the State and the successful Vendor until a separate, written contract with terms and conditions acceptable to the Treasury has been executed by the Treasury and the successful Vendor.

Choice of Law and Forum

The laws of the State of Iowa shall govern and determine all matters arising out of or in connection with this RFP and any resulting contract without regard to the choice of law provisions of Iowa law. Changes in applicable laws and rules may affect the award process or any resulting contract. Vendors are responsible for ascertaining pertinent legal requirements and restrictions. Any and all litigation or actions commenced in connection with this RFP or any resulting contract shall be brought in Des Moines, Iowa, in Polk County District Court for the State of Iowa, if jurisdiction is proper. However, if jurisdiction is not proper in the Iowa District Court for Polk County, but is proper only in a United States District Court, the matter shall be commenced in the United States District Court for the Southern District of Iowa, Central Division. This provision shall not be construed as waiving any immunity to suit or liability, in state or federal court, which may be available to the State.

Restrictions on Gift and Activities

Iowa Code Chapter 68B restricts gifts which may be given or received by state officers and employees and requires certain individuals to disclose information concerning their activities with state government. Vendors are responsible to determine the applicability of this Chapter to their activities and to comply with the requirements. In addition, pursuant to Iowa Code section 722.1, it is a felony offense to bribe or attempt to bribe a public official.

Attachment and Appendices are Part of RFP

Any attachment, appendix, schedule, table or exhibit that is referred to herein or attached hereto shall be deemed incorporated herein by reference and shall constitute a part of this RFP.

Part IV – Proposal Information

Format

The bid proposal shall be an Adobe PDF document using 8.5”X11” paper size.

Submission of Proposal

The bid proposal shall be an attachment to an e-mail with the subject line “RFP IESPT and Able Trust Legal Services Proposal” sent to:

Karen Austin, Deputy Treasurer
Office of Treasurer of State
E-mail: karen.austin@iowa.gov

The Vendor must submit its proposal no later than 2:00 p.m. Central Time, September 11, 2015. This requirement will not be waived. Any proposal received by the RFP Coordinator after this deadline will be rejected. It is the Vendor’s responsibility to ensure that the proposal is received by the RFP Coordinator prior to the deadline. Vendors must furnish all information necessary to evaluate the proposal. Proposals that fail to meet the requirements of the RFP will be disqualified.

If the Vendor designates any information in its proposal as confidential pursuant to Section 2.14 of this RFP, the Vendor must also submit one (1) electronic copy of the proposal from which confidential information has been excised. The confidential material must be excised in such a way as to allow the public to determine the general nature of the material removed and to retain as much of the proposal as possible.

Evaluation and Selection

The evaluation process is designed to select the Vendor with the best combination of attributes to perform the required services and not necessarily the Vendor of least cost. The Treasury will use an evaluation committee

("Committee") to review and evaluate the proposals. The committee will consider all information provided in the proposal when making its recommendation to the Treasurer and may consider relevant information from other sources.

Scoring	
20 points	Organization/Firm Profile
40 points	Experience
40 points	Response to Scope of Services

The proposals will remain confidential until the Committee has reviewed all of the proposals submitted in response to this RFP and the Treasurer has announced a notice of intent to negotiate a contract with any selected Vendor. The evaluation process shall consist of the following steps:

Part IV – Contract Information

Contract

The contract that the Treasury expects to award as a result of this RFP will be based upon the proposal submitted by the successful Vendor and this solicitation. The contract between the Treasury and the Vendor selected by the Treasury shall be a combination of the specifications, terms and conditions of the RFP, the offer of the Vendor contained in the Vendor's proposal (excluding any exceptions taken by Vendor in accordance with Part III that are not acceptable to the Treasury), the Agreement (to be negotiated after selection), all terms required by Iowa law, and any other terms deemed necessary by the Treasury. The Treasury reserves the right to either award a contract without further negotiation with any successful Vendor or to negotiate contract terms with any selected Vendor if the best interest of the State would be served.

By submitting a proposal, each Vendor acknowledges its acceptance of the terms, conditions, and requirements contained in this RFP, including those below, without change except as otherwise expressly stated in its proposal. If a Vendor takes exception to any term, condition, requirement or other provision of this RFP it must state the reason for the exception and set forth in its proposal the specific contract language it proposes to substitute in place of the excepted provision and produce a redlined draft of such attachment. Such redlined draft(s) must clearly reflect all of Vendor's exceptions thereto and all alternative language or other changes that Vendor specifically proposes to make to such attachment. Exceptions and/or proposed changes that materially change the terms, conditions, specifications, or requirements of the RFP may be deemed non-responsive by the Treasury, as determined in its sole discretion, resulting in possible disqualification of the Vendor's proposal. A Vendor's failure to state an exception to any term, condition, specification, requirement or other provision of this RFP and propose alternative language may be deemed by the Treasury to constitute Vendor's acceptance thereof. Any term, condition, provision, or requirement, to which a Vendor fails to take exception and propose changes in accordance with this section will not be subject to negotiation. A Vendor may not state that it takes exception to any terms, conditions, requirements, or other provisions of the RFP to the extent any of the foregoing conflict with any terms or conditions contained in the Vendor's standard form contracts. The Treasury reserves the right to refuse to enter into a contract with the successful Vendor for any reason, even after delivery of notice of selection or intent to negotiate a contract. The Treasury further reserves the right to negotiate contract terms with the successful Vendor(s).

Terms and Conditions

Below is a list of contract terms that are non-negotiable or provisions/issues that will have to be addressed to the Treasury's (and its legal counsel's) satisfaction in the Agreement that may result from the RFP. The contract terms below are not intended to be a complete listing of all contract terms and conditions but are provided only to enable Vendors to better evaluate the costs associative with the RFP and the potential resulting contract. All costs associated with complying with these requirements should be included in any pricing quoted by the Vendor.

The following are not acceptable terms:

1. Provisions that require Treasury to indemnify, hold harmless or defend a contractor (or any affiliate, director, employee, contractor, subcontractor, or agent of a contractor).
2. Provisions that would either limit the liability of the contractor (or any other person or entity) for specified types of damages (including, without limitation, consequential, indirect, direct, incidental, special, punitive, exemplary, loss of business, lost profits, lost revenues, business interruption, loss or corruption of business information or data, etc.) or place any sort of cap or total limit on the amount of damages for which the contractor could be held liable under the contract. Note: this is not intended to preclude a contractor from relying on standard force majeure clauses that excuse failures to perform due to circumstances outside the reasonable control of a party, like disasters, war, acts of God, etc.
3. Provisions that provide for exclusive remedies or which otherwise limit any remedies or legal recourse that may be available to the Treasury or the State of Iowa.
4. Confidentiality or nondisclosure provisions that create obligations that conflict with the Treasury's legal obligations under applicable laws such as Chapter 22 (open records).
5. Payment and interest (for overdue payments or late fees) provisions that are inconsistent or conflict with Iowa law, such as Iowa Code Section 8A.514.
6. Provisions that limit the time period during which the State of Iowa or the Attorney General's office may bring an action against the contractor or other parties/third parties or provisions requiring the Treasury to waive other rights relative to seeking legal recourse, such as waiver of jury trial.
7. Any definition of applicable law that does not include references to Iowa and Federal law, rules and regulations so that the Treasury can rely on remedies or defenses available to it under Iowa law or Federal law (such as the Eleventh Amendment).
8. Provisions that would require the agency to make any assets, monies, accounts and/or other property of the Treasury subject to any liens, security interests, rights of set off or recoupment in favor of the contractor. In addition, any provisions that would require the Treasury to waive any legal exemptions from attachment of assets or execution of judgments against its assets or property, etc.
9. Indemnification provisions (in which the contractor is indemnifying the Treasury) that allow the contractor to defend the Treasury and have sole control over the defense and settlement of any claims against the Treasury.
10. Provisions that would require Treasury to waive any immunity to suit or liability or irrevocably waive sovereign or governmental immunity, or any defenses available to it under Iowa or Federal law. This is not intended to eliminate waivers of immunity that presently exist via statute (e.g., Chapter 669 relating to tort claims) or case law (e.g., the state, by entering into a contract, waives its defense of governmental immunity and may be sued for breach of contract).
11. Provisions that would limit a Vendor's liability or responsibility for breach of contract only if the breach resulted from the contractor's gross negligence, willful misconduct, or fraud. A Vendor should be responsible for any breach of contract.
12. Provisions that would not establish that the contract be governed by and construed in accordance with Iowa law and utilize Iowa's standard language stating that any litigation will be brought in Iowa state/federal courts.

Duration

The initial term of the Agreement will be three years from the date of the signed contract with annual renewals as permitted by law. The decision to extend the Agreement will be at the sole option of the Treasurer and may be exercised by the Treasurer by providing written notice to the Vendor.
